

MEMBERSHIP IN THE MATERIALS RESEARCH SOCIETY

Your attendance with a **paid-regular registration** at the XXVI International Materials Research Congress (IMRC) 2017 entitles you to a **one-year electronic membership (January 1, 2018 through December 31, 2018) in the Materials Research Society (MRS)**—home to over 14,000 members in the ever-expanding field of materials science. This opportunity is by special agreement between the Sociedad Mexicana de Materiales (SMM) and the Materials Research Society (MRS).

As an MRS e-member, you can count on the many exciting member benefits, including:

EXPAND YOUR KNOWLEDGE

- FREE online access to [MRS Bulletin](#), consistently ranked in the top 10% of materials science journals
- FREE online access to [Journal of Materials Research \(JMR\)](#)—full-text articles from the *Journal's* inception in January 1986 to the current issue
- FREE access to [MRS Energy & Sustainability](#), focused on key topics in materials research and development as they relate to energy and sustainability
- FREE access to the electronic letters and Prospectives journal, [MRS Communications](#)
- FREE access to [MRS Advances](#)—a peer-reviewed, online-only interdisciplinary journal devoted to emerging research from MRS Meetings
- FREE access to over 100,000 full-text papers in the [MRS Online Proceedings Library Archive](#)
- FREE electronic subscriptions to [Materials360®](#) e-newsletter
- FREE access to live-streamed events, content from MRS Meetings and more via [MRS OnDemand®](#) and the MRS OnDemand Webinar Series
- access to additional FREE MRS e-mail alerts by signing up at www.mrs.org/mymrs

CONNECT WITH GREAT MINDS

- access to, and inclusion in, the [MRS Member Directory](#)—an online database that allows members to add photos, a brief bio and links to social media sites
- expanded career development opportunities via [MRS Career Central](#)
- discounted rates for [MRS Meetings and Workshops](#)
- student involvement in international [MRS University Chapter](#) activities
- connections with materials research professionals, students, exhibitors and MRS staff through [social media](#)

GAIN RECOGNITION

- professional recognition via the prestigious [MRS Awards Program](#)
- publishing opportunities in any of the MRS journals—*Journal of Materials Research*, *MRS Energy & Sustainability*, *MRS Communications* and *MRS Advances*

BECOME A VITAL PART

- volunteer opportunities in [MRS committees and task forces](#)
- [involvement opportunities](#) with Woman in Materials Science & Engineering (WMS&E), the international [MRS University Chapter Program](#), and more
- grassroots project funding opportunities via the [Materials Research Society Foundation](#)

SPECIAL NOTE: You will need an MRS username and password to access these benefits, and that information will be sent to you **by email** in early January 2018. If in the meantime you have any questions or concerns about MRS membership or online access, please contact Member Services at 724-779-3003 or email at info@mrs.org.
